

Antoine Nebout

Research fellow at INRAE, Paris-Saclay Applied Economics unit, France since 2013.

Lecturer in Economics at École Polytechnique since 2019.

Contact: antoine.nebout@inrae.fr

Previous appointments

2025–2026 Visiting researcher, University of California Santa Barbara (UCSB), USA.

2011–2013 Postdoctoral researcher, SESSTIM, French National Institute of Health and Medical Research (INSERM), Marseille, France.

Education

2011 PhD in Economics, University of Montpellier
Title: *Decision Making under Compound Uncertainty*
Advisors: Marc Willinger and Mohammed Abdellaoui

2005–2006 MSc in Cognitive Sciences, École des Hautes Études en Sciences Sociales (EHESS), Paris

2004–2005 MSc in Economics, London School of Economics and Political Science (LSE)

2002–2005 Diploma, Graduate School in Economics, Finance, and Statistics (ENSAE Paris)

Research

Research interests

Behavioral and Experimental Economics; Environmental Economics; Decision Sciences; Health Economics.

Publications (Economics)

- Risk, Time, and Diet Quality: Evidence from a General Population Survey. (with Noémi Berlin, Emmanuel Kemel and Emmanuel Paroissien) *Journal of Health Economics*, forthcoming.
- Paying None, Some or All? Between-Subject Random Incentives and Preferences Towards Risk and Time. (with Noémi Berlin, Emmanuel Kemel and Vincent Lenglin) *Journal of Economic Psychology*, 2026, 112:102870.
- Household Food Waste and the Opportunity Cost of Time. (with Emmanuel Paroissien and Timothy Beatty) *Ecological Economics*, 2024, 216:108012.
- Predicting Medical Practices Using Various Risk Attitude Measures. (with S. Massin and B. Ventelou) *European Journal of Health Economics*, 2018, 19(6):843–860.
- Comparing GPs' Risk Attitudes for Their Own Health and for Their Patients': A Troubling Discrepancy? (with M. Cavillon and B. Ventelou) *BMC Health Services Research*, 2018, 18:283.
- When Allais Meets Ulysses: Dynamic Axioms and the Common Ratio Effect. (with D. Dubois) *Journal of Risk and Uncertainty*, 2014, 48(1):19–49.
- Sequential Decision Making without the Independence Axiom: A New Conceptual Approach. *Theory and Decision*, 2014, 77(1):85–110.

Publications (Medicine and Health)

- The Impact of Physician's Characteristics on Decision-Making in Head and Neck Oncology: Results of a National Survey. (with E. Chabrillac et al. and A. Dupret-Bories) *Oral Oncology*, 2022, 129:105895.

- Mastery Is Associated with Weight Status, Food Intake, Snacking, and Eating Disorder Symptoms in the NutriNet-Santé Cohort Study. (with U. Gisch et al. and S. Péneau) *Frontiers in Nutrition*, 2022, 9:871669.
- Physician Practice Variation in Head and Neck Cancer Therapy: Results of a National Survey. (with F. Cros et al. and A. Dupret-Bories) *Oral Oncology*, 2021, 117:105293.
- Physician Uncertainty Aversion Impacts Medical Decision Making for Older Patients with Acute Myeloid Leukemia: Results of a National Survey. (with P. Bories et al. and S. Lamy) *Haematologica*, 2018, 103(12):2040–2048.
- Cross-Sectional Survey: Risk-Averse French General Practitioners Are More Favorable Toward Influenza Vaccination. (with S. Massin, B. Ventelou, P. Verger and C. Pulcini) *Vaccine*, 2015, 33(5):610–614.
- Cross-Sectional Survey: Risk-Averse French GPs Use More Rapid-Antigen Diagnostic Tests in Tonsillitis in Children. (with A. Michel-Lepage, B. Ventelou, P. Verger and C. Pulcini) *BMJ Open*, 2013, 3(10):e003540.

Working papers

- Coordinating Frontier AI for Deep Decarbonization. Submitted
- Turning a Blind Eye and Raising a Glass? Information Seeking and Alcohol Consumption in the French Population-Based CONSTANCES Cohort (with C. Lemogne, ..., M. Galizzi). Submitted
- Exploring Behavioral Drivers of Health Decisions: Integrating a Behavioral Economics Module in the CONSTANCES Cohort (with H. Yan, ..., F. Etilé, M. Galizzi)
- To Test or Not to Test? Risk Attitudes and Prescribing by French GPs. (with E. Kemel and B. Ventelou).
- Social Choice under Risk. (with S. Teyssier).

Work in progress

- Preferences, Decision Imprecision, and Household Financial Behavior (With E. Paroissien)
- Cognitive Errors and Risk Preferences in a Large Representative Sample (With E. Paroissien and R. Oprea)
- How do people understand cumulative risks? Evidence from a French Cohort (with H. Yan, G. Naranayane and M. Sevrestre).

Grants and contributions to collective projects

- ANR JCJC BeHealth: **Principal Investigator**, 2021–2026, 330k euros.
- ELPENOR, IRESP: participant, 2021–2025, 110k euros.
- RisqueConso, DAPP INRAE: participant, 2021–2023, 30k euros.
- PSYCHALIM, CNRS/INRAE: **Co-Principal Investigator**, 2017–2019, 35k euros.
- PSYCHOFOOD, INRAE/Sciences Po: **Principal Investigator**, 2017–2019, 25k euros.

Contributions to public policy

- Member of the consultation group of the *Conseil National de l’Alimentation (CNA)* on e-commerce and consumer information, 2018. Contribution to Opinion No. 80, *Information du consommateur – vente de denrées alimentaires sur internet*, presented at the CNA plenary session on 12 September 2018.
- Contribution to the INRAE “Risque Conso” expertise project on consumer perception and assessment of food-related risks, 2022. Co-author of two public reports:
 - Haentjens, A., Nebout, A., Gallen, C., Bansard, C., Charpentier, T., et al. *Rapport d’étude Risque Conso : Perception des risques par les consommateurs dans les plats préparés*. INRAE, 2022, 96 p.
 - Haentjens, A., Rémond, S., Mariotti, F., Membré, J.-M., Nebout, A., et al. *Rapport d’étude Risque*

Conso : Distorsion entre la perception des consommateurs et l'évaluation des risques. INRAE / INC, 2023, 68 p.

Teaching

2019–present Lecturer in Economics, École Polytechnique: Introductory Economics (ECO361), Advanced Microeconomics (ECO431), Applied Project in Economics (ECO511).

Guest lecture Frontiers in Experimental and Behavioral Economics, Paris School of Economics (3h).

Previous teaching Behavioral Economics in Health (AgroParisTech); Advanced Decision Theory (ESSEC Business School); Medical Decision Making (Aix-Marseille School of Economics); Game Theory (ENSAE); Economics of Risk and Information (University of Montpellier); International Economics (University of Lyon).

Communications at conferences, seminars and workshops

Invited seminars and talks

Carnegie Mellon University; University of California, Davis; University of California, Santa Barbara; Paris School of Economics; London School of Economics; Michigan State University; Queensland University of Technology; University of Queensland; Monash University; Toulouse School of Economics; Université Paris-Saclay; Université Paris Nanterre; Université Paris 8; Université de Montpellier; Université Grenoble Alpes.

Conference presentations

AEA; IHEA; EUHEA; FUR; IAREP-SABE; ESA; EAAE; IMEBE; ASFE; ASFEE.

Referee activities

Econometrica • Health Economics • Journal of Health Economics • European Journal of Health Economics • Theory and Decision • Empirical Economics • Journal of Economic Psychology • Journal of Health Psychology • Journal of Behavioral and Experimental Economics • Journal of Risk and Uncertainty • Frontiers in Behavioral Economics • Humanities and Social Sciences Communications • Annals of Economics and Statistics • Revue d'Économie Politique • Revue Économique

Research evaluation and recruitment activities

- Reviewer for the Agence nationale de la recherche (ANR), Labex research programmes, and INRAE EcoSocio scientific committees (CSD).
- Member of selection committee for Assistant Professor (*Maître de conférences*, MCF) position.

Personal

Married with three children. Parental leave: 12 months in total.
